

A SUMMARY

LATEST NOTICE OF ACTIONS AT THE ABC TO FIGHT COVID 19

Please assist us in the most civil manner possible at the Club to implement all directives either imposed by the government or self-imposed at the Club to stay as safe as possible during this worldwide pandemic

Sunday 5 April 2020

Dear Members,

Walking through the Club this morning, I got a bit confused with all these notices around and putting myself in your shoes for once, I felt that there is something wrong that needs to be fixed.

I am not talking about the erratic, improperly planned and inefficient piecemeal directives from our government. That would be too long, but only referring to the effect of it, on our daily work, mental sanity and the mess on notice boards around the Club.

Some notices are now obsolete, some contradict each other but the main issue here is by having so much different information scattered all over the club, there is no good communication and even miscommunication.

I have therefore decided to take on the onerous task of making some sense in all those notices by preparing this DOs and DON'Ts list for ease of reference and sanity.

Finally, I sincerely apologise for the constant blast of piecemeal information you have received, but I have the sad duty to pass them on to you as they come to us.

DOs	DON'Ts	REMEMBER
Come to your club we need your support and we are reasonably safe.	Do not come to the Club if you are feeling unwell or unsafe.	All sporting and recreation facilities are closed until further notice.
Order take away food, for less exposure to direct contact.	Do not enter a closed facility or pressure our staff to open it for you.	No private functions will be taken until further notice.
Check your temperature regularly.	Do not believe that you are immune, anyone can catch the virus and there is no vaccine yet.	No club event will be run until further notice.
Close toilet seat cover before flushing.	Do not come to the Club before 10:00 am or leave after 10:00pm. These are our new operating hours.	No more than 4 person per party, this is crucial.
Wear your mask unless you are eating or drinking.	If you are going boating with a crew list higher than 4, please do not use our pontoons .	Keep social distancing to a minimum of 1.5 meter apart.
Wash your hands regularly.	Do not bring more than 2 guests per account.	Wear your mask don't be shy, better look bad for a moment than be sorry forever.
Respect our staff, they only doing their job. If you disagree with something take it up with the General Manager.	Do not sneeze or cough unless it is inside your elbow, or in a handkerchief or tissue that you will safely dispose of.	Our Restaurant capacity has been reduce to 50% think of take away, safer and faster.
Follow instruction they are for your good and for our health.	(This one is for you add-on)	5% discount on take away if you bring your own containers. But 10\$ per packaging you need from us
Respect social distancing.	Do not get close to each other.	The more apart you are the safer you will be.

Stay safe and sane and see you around the Club

Philippe de Manny

General Manager
