Dear Members,

NOVEL WUHAN CORONAVIRUS PRECAUTIONARY MEASURES AND CLUB OPERATION

We are receiving many enquiries regarding the opening of the club.

Let me assure you that the Club, including Tong Po Chau, Middle Island are opened as normal and that extra measures have been put in place to deal with the situation in Hong Kong.

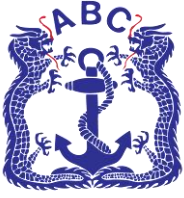

For instance the following measures have been implemented for a few days already:

On the Staff side

- Self-declaration of staff who may have visited China over Chinese new year break.
- Order to stay home if feeling unwell and seek medical assistance immediately
- Temperature checking of all staff on arrival to work.
- Compulsory usage of face masks for all staff.
- Constant reminder to have them washing and sanitising hands on regular basis.

On the Club side

- The Sunday Lunch Buffet on 2nd of February at The Four Peaks Restaurant will be discontinued as we monitor the situation, regular A-la-carte menu will be available.
- Children Playroom on top of the squash court is closed and will remain closed until further notice.
- Temperature checking for members and guests at the reception is available if required
- Increased disinfecting schedule of all outlets with extra focus on door knobs, handles, fitness equipment, changing rooms.
- All outdoor sporting events and classes are going ahead, it will be your entire choice not to participate.
- Middle Island is opened and is probably the safest place in the Club.

Member's assistance (we need you to help us keeping as safe environment)

- Members should consider the wellbeing of staff and members alike, therefore should you feel unwell, feverish, coughing please avoid coming to the Club.
- In light of the shortage of masks we recommend that you bring your own masks.
- When using sports equipment please wipe them thoroughly with the disinfectant provided for that purpose.
- Do not leave your used towel on the floor or on benches as seen, but disposed them properly in the laundry banquet.

With Best regards

Philippe de Manny
General Manager
