Re: re-opening of club facilities from 8th May 2020

Dear Members,

We have received last night passed midnight complementary official information on the relaxation of some restrictions in Hong Kong, put in place to fight the COVID 19 pandemic.

We are still negotiating with the government bodies such as HAB, LCSD, MARDEP for a better and more sensible scope of flexibility to open all our activities.

The issue is that they do not understand really what clubs operation is about and often associating it with single commercial activity of the world outside, it does not work well within our multiple disciplines and services duties.

Nevertheless and in brief, the basic measures such as masks wearing, temperature taking and social distancing are still in force with some relaxation to the latter. Indeed restaurants and social gathering are now allowing 8 persons instead of 4 previously. Bars still have the same restriction as before to 4 persons per party. 50% restriction on outlet capacity has been relaxed but the 1.5 meter separation between tables is still in force. Some sporting facilities re-opening have been reviewed overnight therefore please refer to the new opening schedule for ABC facilities dated 6th May and starting from Friday 8th May.

We are trying our best to open the club as safely and sensibly as possible. We understand your frustration but please bear with us a little longer and we will enjoy a great summer free of daily worries

Thank you for your great support over this ordeal and see you in the Club soon.

Your sincerely,

Philippe de Manny
General Manager
