

18 February 2021

Notice to Members

COVID 19 NEW REGULATIONS AND RELAXATION

Dear Members,

I now confirm what was promised to you on the 11 February.

Our restaurants are open until 10pm with four people per table.

Gathering of people should not exceed four people.

We are still operating at 50% capacity.

Maximum people in a function room is 20 with separation

All sporting and recreation facilities are opened with social distancing and mask wearing.

But the Swimming pool and the playground will remain closed

Nevertheless, with more liberty comes more responsibilities as I said before and the necessity to declare your visit to the Club is now mandatory for members and guest. You may use of the Government apps **Leave Home Safe**, or the registration book provided at the entrance.

Social distancing, wearing mask is to be observed at any time and everywhere in the club while moving around, or just sitting in outlets, even on the pontoons. Please disinfect or wash your hands as often as possible.

All our staff have now been tested for COVID 19 and will be tested again every 14 days as requested by the FHD.

Lots of hopes in this slow return to normal life, lets not mess it up.

Kong Hey Fat Choy
